PARTY—Mr. James W. Powell, of the West End, gave a party the other night to his "young friends." Messrs. Samuel Reid, John T. Frye, Stoddard Powell and Marshall Powell. A good time generally was had and the boys, as Mr. Powell, calls them, did not get home until the wee wee hours.

WE deeply sympathize with Mr. and Mrs. D. H. Skinner, of Hustonville, in the loss of their little son, Frank, whose illness is mentioned in Tuesday's paper. The little fellow was only eight months old but the fond parents had long since learned to idolize him and they are almost heart-broken. The burial occurred Wednesday afternoon.

A GENTLEMAN who was here from Lancaster the other day, told us that since the ordinance was passed by the Stanford council prohibiting the sale of cocaine, the druggists of his town were reaping a harvest from Stanford and surrounding county dummies and other who use the fearful drug. They are also doing about as good business selling morphine to those who can not get it hereabouts.

THE will of Mr. Richard Cobb, Sr., was probated Tuesday. It provides liberally for his widow during her life time, sets aside \$100 for a monument for him and his wife and divides his estate equally among his children, after deducting from each the amount advanced to them, which vary from \$1,300 to \$2,900 and aggregates about \$16,000. The portion of Mrs. Bettie McKinley is left to her in trust. To W. M. Bright, of this county, and Miss Myers to Thomas Phelps in trust. His half of the farm in Boyle he owns with his son, Richard Cobb, Jr., is given to him to be charged at the rate of \$35 in the division of the estate. SAME VS. SAME—Some time ago when a Tennessee man came here, he told his wife who was living with another man at C. B. May's, the latter was very indignant that he should have been so imposed upon. It seems, however, that Mr. May's indignation was aroused or at least that he was doing the same act himself, only the woman he was living with, was not another man's wife, but a single woman. Marshall Newland got on to the racket and arrested James, who was taken here by Judge Campbell and fined \$10 and costs. He went to jail and sat two days and then paid the rest of the fine. The woman, who is quite good looking, is named Mollie Justice and she is said to be from Grayson county. She was given time to leave town. May, who is a hardworking blacksmith, is a married man with several children, but has not lived with his wife for some time.

FINGER CUT OFF—Mr. J. C. Hays, of the East End, doesn't let a little thing like cutting off a finger stop him from work. While running a binder he caught the middle finger of his left hand in a cog wheel and it was mangled to the point. He finished cutting his wheat about 40 acres and stacked it all, seemingly forgetful of the painful accident that had befallen him.

On the last Sunday of last year's meeting there were 2,335 persons who paid 10 cents to get in. The point is away off the railroad, and no excursion can be run to it. Mr. Grinstead objects to excursions and will not preach at meetings to which they are run.

The Absolutely Pure BAKING-POWDER

is the baking powder of general use, its sale exceeding that of all other baking powders combined.

Royal Baking Powder has not its counterpart at home or abroad. Its qualities, which make the bread more healthful and the cake of finer appearance and flavor, are peculiar to itself and are not constituent in other leavening agents.

Great efforts are made to sell purest bakers' powders under the plan that they do so, they cost a penny cheaper than any other. The intention that they are cheaper made is an intention that they are inferior. But pure bakers' powders contain a corrosive poison, and should not be used in food, no matter how cheap.

ROYAL BAKING POWDER CO., 110 N. WILKINSON ST., NEW YORK
